regarding how the CCAA and energy inter-relate, and he would like to reach out and tell it. I believe he's thinking Assistant Secretary (perhaps ours and BLMs). Would we be able to put together a BP on the listing / CCAA that we can use as a mechanism to ask for a briefing? Any chance we can do this early next week? That said, I'm moving next week, so please work with Linh (cc'd) and Ted. Does this sound workable?

He also wants to be sure the local BLM (state and local) are fully in the loop. I think Ted's going to close the loop in the BLM State office. I assume we are good on this one, but just to be sure.

Sounds OK? Thoughts?

Thanks,
Seth
